RE: Regional Consultative meetings with youth led and youth serving organizations to promote partnerships and collaborations in efforts to address GBV and SRHR concerns

Dear Esteemed Stakeholders

Regain Trust is a registered non-profit trust which was established in 2015. The organization implements a variety of activities aimed at addressing the high prevalence of Gender based Violence (GBV), Sexual and Reproductive Health (SRH) concerns such as unintended pregnancies amongst adolescents and young people, especially adolescent girls, and young women. As is evidenced by the alarmingly high incidences of GBV particularly Sexual Violence perpetrated against adolescent girls and young women and record high prevalence of unintended pregnancies during the COVID-19 pandemic the need to strengthen collaborations and coordination is at an all time high.

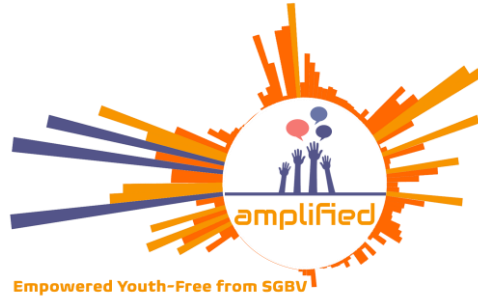

It is against this background that Regain Trust will be hosting consultative meetings in the Khomas, Erongo, Omusati and Oshana Regions. The overall goal of the meetings is to bring together youth led and youth serving organizations to discuss plans for coordination and partnerships in efforts to address GBV and SRHR concerns across these four Regions. A major component of this meeting is to map the various services offered by different organizations, we believe that in better understanding existing services targeted towards youth and adolescents the greater the likelihood for increased and sustained collaborations and coordination.

We are therefore inviting the Regional Youth Forum Chairpersons, Coordinators, Youth Led and Youth Serving Organizations to attend the consultative meetings. The table below outlines the tentative venues and dates of the meetings. Furthermore, a concept note has been attached which shares additional information including draft program for the meetings.

Kindly confirm your attendance by the 15th April 2022. For any questions and queries please feel free to reach us at info@regain-trust.org or contact the following number +264 81 72 535 11
